NORWAY

## Nusfjord Village & Resort: the authentic vibe of the Lofoten

Nestled between the mountains and the sea of the Lofoten Islands, Nusfjord Village & Resort transports guests to a world where fishing history meets discreet luxury. The rorbu—traditional stilted fishermen's houses—have been carefully restored to offer modern comforts while retaining their authentic charm. Inside, guests find a warm and cozy refuge, while the surrounding nature inspires adventures and moments of contemplation.

Why I chose it: Because it offers the perfect combination of tradition and modern comfort, surrounded by extraordinary landscapes.
